DETAILED ACTION

Election/Restrictions

1. This application contains claims 12-37 drawn to an invention nonelected with traverse in the previous responses. A complete reply to the final rejection must include cancellation of nonelected claims or other appropriate action (37 CFR 1.144) See MPEP § 821.01.

Allowable Subject Matter

2. Claims 1-7, 9-11, 38 and 39 are allowed.

3. The following is an examiner's statement of reasons for allowance:

Claims 1 and 39 have been amended to recite that each panel region is configured to maintain a substantially constant capacitance load on the source of AC voltage, which is not disclosed or suggested by the prior of record.

Claims 2-7 are dependent on claim 1.

Claim 9 has been rewritten into independent claim including the base limitations and the allowable subject matter, which has been indicated in the previous office action.

Claims 10, 11 and 38 are dependent on claim 9.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Response to Arguments

4. Applicant's arguments regarding to the Election/Restriction filed 7/17/2006 have been fully considered but they are not persuasive. As the examiner cited in the previous office action, those Species IV, V and VI are different embodiment. In which, Species V and VI show an elimination layer 47 and 55 in the second embodiment and the third embodiment. They are independently and patentably distinct (emphasis add). Therefore, claims 12-37 are nonelected.

Conclusion

5. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

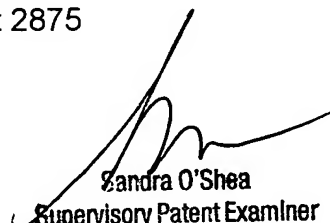

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
